SOLUTIONS

GROUND BREAKING DIGITAL

We'll work with you to find the best solution for accessing your digital resources using state-of-the-art customised systems, integrating seamlessly with all the major publishers, LMS providers and online education resources.

CAMPION
myconnect

One platform for all your eTexts & digital resources

Through a **single portal**, the exclusive **Campion MyConnect platform**, students and teachers can access **thousands of flat, interactive and online digital resources** from the **largest range of publishers** in Australia, as well as subscriptions to interactive online learning programs.

\$0 aggregation platform fee.

We do the set-up & fee collection work for you

Campion Education's **first-to-market provisioning service** allows us to create student accounts and allocate digital products, which can then be accessed with a single username and password.

We have **industry-leading expertise** and **extensive experience** in setting up large volumes of students with provisioning services.

Onboarding is made easy with a **single online purchase point for parents**, simplifying your administration processes.

Integrate with your school's LMS

Campion MyConnect integrates with the major Learning Management Systems (LMS), including **Canvas, Schoology, Schoolbox, SEQTA, Blackboard, Moodle, Simon** and more, so your students can **access all their digital content** using the **same system you've always used**.

Personalise students' experience with timetabling

Our **secure, fully encrypted systems** **personalise your student's experience** with integration to the major timetabling systems including **Edval, Daymap, Timetabling Solutions, Edumate, TASS, OneSchool, Synergetic, Simon** and more.

The **first-to-market Campion Secure Connect system**, securely and automatically extracts subject changes from students daily to ensure students have instant access to relevant eTexts.

Login once with true Single Sign-on

Some systems use one username and password, but you still need to enter your credentials multiple times.

Our **true SSO system**, simplifies access to **your students' digital content**. Students enter their school network username and password **just once**, and they have ongoing access to content anytime and all in one place.

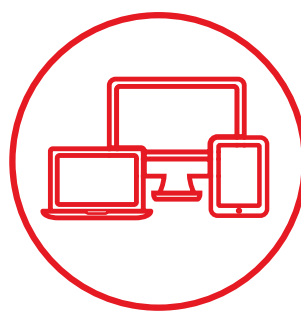

SSO options include ADFS, Azure, Microsoft 365 & Google.

Keeping your students' data safe is critical

Secure, fully encrypted end-to-end systems protect your student and teacher data.

Our **stringent privacy policies** are in line with the General Data Protection Regulation (GDPR) and the Notifiable Data Breach Privacy Act.

Synchronise content across multiple devices

Bring Your Own Device (BYOD) is fully supported across **Windows, MacOS, iOS & Android devices.**

Synchronise content across multiple devices, allowing your school's device policy to be fully supported.

Flexible options for a personalised experience

Access a range of print & digital combinations to **provide choice** to students and teachers and help **transition into digital.**

Campion MyConnect facilitates **note-taking, highlighting, drawing, collaboration & integration of your own content.**

Upload, embed or deep-link to your own content to enhance your resources & lesson plans.

Campion leads, others follow.

Help & support when you need it

Ensure you get the most out of your digital resources with full support for all your users from our Australian based team.

Our **eLearning specialists & dedicated technical support team** help your teaching and ICT staff through the setup, ongoing use and installing new digital resources, with access to set-up and installation guides and help videos.

Our **live chat, online FAQs, and local customer service team** are available to your school community to answer all their questions.

We've helped hundreds of schools integrate their digital resources.
